

Boat Craft Activity

hemisfair.org/parkitathome

Boat Craft Supplies

- Aluminum foil (6"x6")
- Scissors
- Glue dots or tape
- Construction paper
- Water
- Container
- Coins

Boat Craft Instructions

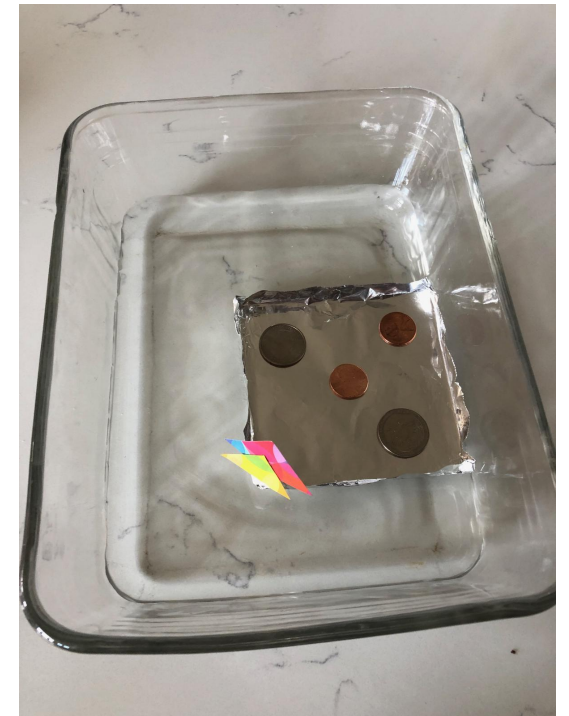

Step 1: Cut your 6"x6" piece of aluminum foil

Step 2: Notch the foil at each corner and fold up each side

Step 3: Decorate the front of your boat with construction paper by cutting your favorite shapes, taping them together and then taping them to the front of your boat

Step 4: Fill your container about halfway with water and place your boat on top of the water

Step 5: Use your coins and place them one by one to see how many your boat will hold!
