Robot Craft Supplies

- Toilet paper cardboard roll
- Scissors
- Markers
- Glue
- Construction paper or pipe cleaners
- Beads, buttons or foam balls
- Googly eyes
Robot Craft Instructions

**Step 1:** Wrap your toilet paper roll with aluminum foil and glue the ends.

**Step 2:** Glue his eyes and draw his mouth.

**Step 3:** Cut a rectangle piece of construction paper and glue it on your roll.

**Step 4:** Using beads, buttons or foam balls glue them to the construction paper.

**Step 5:** Cut narrow strips of construction paper or pipe cleaner to be used as arms and glue them to your robot body.
