

Rain Experiment

hemisfair.org/parkitathome

Rain Experiment Supplies

- Shaving cream
- Blue food coloring
- Jar or glass
- Water
- Medicine dropper

Rain Activity Instructions

Step 1: Fill your cup with 1 ½ cups of water.

Step 2: Drop 2-3 blue food coloring drops into ¼ cup of water and stir well.

Step 3: Cover the top of your water cup with a layer of shaving cream to create a “cloud.”

Step 4: Fill a dropper with your blue water.

Step 5: Insert your dropper halfway into the cloud and dispense small amounts of blue water throughout. Watch it rain!
