

Robot Activity

hemisfair.org/parkitathome

Robot Activity Supplies

- Play Doh
- Beads
- Pipe cleaner

Robot Activity Instructions

Step 1: Shape two Play Doh balls, one slightly larger than the other. Flatten the Play Doh balls with your palm.

Step 2: Use your beads to add to the body and face of the robot. You can use a popsicle stick to square off the edges of the body of the robot.

Step 3: Use the pipe cleaner to make the arms, legs and antenna of the robot. You can add smaller, round pieces of play doh to the arms and legs.
